Bottling: April 2024

Alc/Vol: 11.5%

Acidity: 6.68 g/L

pH: 3.03

RS: 0 g/L

Wine Specs

Our signature white wine. Pale straw color with delicate fruit on the nose. Fuji apple, lime and a hint of honeysuckle. The mouthfeel has a rich coating feel on the palate however this rich texture wine still finishes with some mouth cleansing crispness.

Winemaker's Notes

The fruit was de-stemmed and crushed upon winery arrival to allow for more fruit extraction. The juice was then fermented in Stainless Steel and spent 4 months sur lie post-fermentation. It did not undergo malolactic secondary fermentation and was not barrel aged, resulting in a finished wine that accentuates the vibrant varietal fruit aromas and flavor while retaining a clean, crisp acidity.
